

Packed with Protection That Keeps Delivering

Available in Cherry,
Melon and Mint Flavors

Vanish™
5% Sodium Fluoride
White Varnish

When it comes to topical fluoride, the choice has never been easier. Vanish™ 5% Sodium Fluoride White Varnish virtually disappears after application, so there is no trace of the ugly yellow color you see with traditional varnishes. Vanish white varnish:

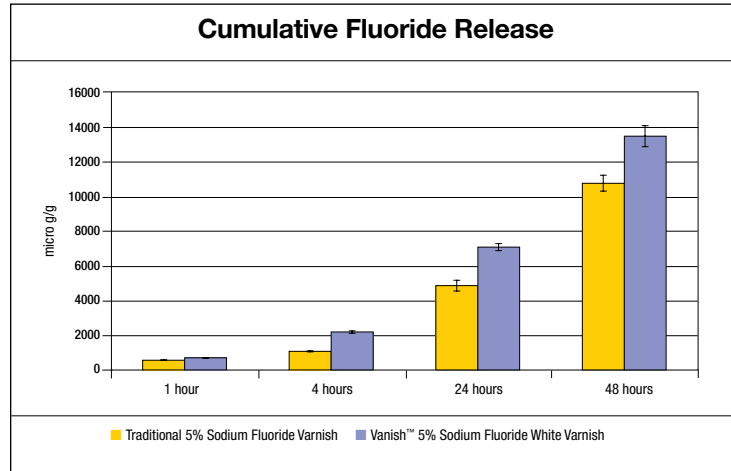

- Contains xylitol
- Takes just seconds to paint on
- Sets rapidly in the presence of saliva
- Contains 22,600 ppm fluoride
- Provides relief from hypersensitivity
- Provides enhanced flow characteristics for thorough coverage
- Unit-dose packaging assures convenience and dosage consistency

Vanish white varnish is the #1 selling brand of fluoride varnish in America. Make it your everyday in-office fluoride varnish.

3M ESPE

Vanish™ 5% Sodium Fluoride White Varnish

Vanish™ 5% Sodium Fluoride White Varnish releases more fluoride than traditional varnish over a 48 hour period.

Data on file.
